

Guilherme Casimiro

Senior Product Developer (Engineering & Design)

São Paulo, SP - Brazil | gocasimiro.com | linkedin.com/in/gocasimiro | github.com/gocasimiro | gocasimiro@gmail.com

Profile

I am a Senior Product Developer with a degree in Product Design and over 10 years of practical experience in Software Engineering. My work focuses on the intersection of these fields, where I not only implement code but actively contribute to product conception and refinement. I seek positions where engineering excellence and user experience are keys to develop solutions.

Key Differentiators

- **Product-Minded Engineering:** Bridge between product, design, and engineering, supporting the full lifecycle from requirements to delivery.
- **Software Architecture & Design Systems:** Translate complex Figma specs into scalable components while maintaining visual fidelity and accessibility.
- **Hybrid Technical Background:** Blend of design, engineering, and technical consulting for international enterprise teams.
- **Versatile Stack:** Solid experience in TypeScript/Node.js for modern applications, with background in Python, PHP, Go and other languages for backend and infrastructure tools.

Technical Skills

- **Languages:** TypeScript, JavaScript, Python, PHP, Go, Shell/Bash
- **Frontend:** React, Next.js, Vue.js, Tailwind CSS, Angular, SCSS, PWA, SEO
- **Backend:** Node.js, Express, FastAPI, Laravel, MongoDB, MySQL, Redis, Wordpress
- **DevOps & Cloud:** Docker, Kubernetes, GitHub Actions, GCP, Azure, Nginx, Apache, CI/CD
- **Product & Design:** Figma, Design Systems, Wireframing, UX Flows, UI Development
- **AI:** LLM Engineering, RAG, AI feature integration

Professional Experience

Core Software Engineering
